

Register online for the 2017-2018 school year

Parents no longer have to wait in long lines, instead they can confirm student registration at eligible schools online for the 2017-2018 school year. Beginning June 19, all families with students enrolled in **Northglenn High School** for fall 2017 can confirm registration online. The online process saves time and energy allowing parents to confirm school registration for [eligible schools](#) at their convenience from anywhere with an internet connection.

Online registration opens June 19 and will continue through August 15.

Online registration replaces the standard check-in process at our school. In order to receive class schedules before school starts, all enrolled students for next fall **must complete the online process** by August 15.

Housed in the Infinite Campus portal, in just one visit parents can verify household information, confirm registration for the 2017-2018 school year and sign off on mandatory forms.

To register online, you will need:

- Current valid email address
- An Infinite Campus (IC) portal account. **Don't have an account, [create one here](#). Have an account but forgot your login information, [reset your username and/or password](#).*
- If you have moved you will need to upload an approved proof of residence document. Details on what proof is needed can be found by [visiting here](#).
- Contact information for all parent(s)/guardian(s) and emergency contact(s) associated with your student(s).

If you have all of the above information, you can begin the registration process by logging into your Infinite Campus portal account [here](#) starting June 19.

**If you are a new student to the district, contact the school directly for registration information.*

Assistance with the online process is available by contacting the District Service Desk at (720) 972-4120 or visiting the following locations for onsite online registration.
